

**School Council**

This term we have organised a stall at the Christmas Craft Fayre and raised over £90 for our budget—thank you everyone for supporting us with this. We have planned out our year and will be focusing on the school's anti bullying policy, revamping the Citizenship award and promoting healthy lunchboxes.

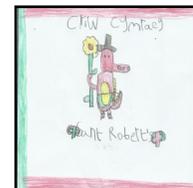

**Eco Committee**

This term we have carried out an audit against the various elements of the Eco Schools Award. We are using this to plan actions such as a survey of litter in the community car park and develop the biodiversity of the supergrounds.

**Criw Cymraeg**

This term we carried out a walk around the school looking at Welsh displays—there are some great displays in the classroom and we now need to develop the displays in the corridor. We have also introduced Gem Yr Wythnos, which encourages children to play yard games in Welsh.

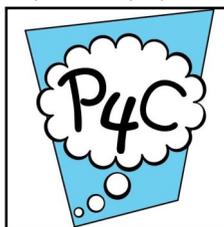

**Super Ambassadors**

We carried out a rights questionnaire with children this term. Its great that children are keen to learn about their rights and think the school upholds them. Next term we will be making sure the children know who Sally Holland is (Children's Commissioner for Wales).

**P4C Champions**

We organised our termly whole school P4C day in November. We used traditional tales such as fairy stories, myths, legends and fables as a stimuli to our dialogue. We have also been taking part in a P4C club with Year 5 and 6. Next term we are planning to run a lunch time club with year 2 pupils.

**Digital Leaders**

We have really enjoyed coding club this term. We are now using our expertise to help children in year 2 during the lunchtimes. We hope next term to do the same with the Year 3 children and support the year 5 coding club.

**Mini Police**

We work with PCSO Mark Emery to share with pupils information that will help keep them safe. This half term we focussed on bullying and will be sharing our expertise in this area with the School Council when they look at the school's anti bullying policy.

**Worship Group**

We have supported lots of charities this term including CAFOD, Children in Need and Ty Hafran. We have helped to plan lots of worships and Masses including Bambeneli Sunday in our Parish. Next term we will be focussing on developing displays for the virtues throughout the school.
